

The Ocean County Utilities Authority

Helping to Preserve the Water Resources of Ocean and Southern Monmouth Counties in the State of New Jersey

Commissioners welcome newest staff members to the OCUA family!

June 26, 2025 – A warm welcome is extended to the second group of new hires at the Ocean County Utilities Authority. For the second quarter of 2025, HR Manager/Director, Avril Limage proudly introduced our newest employees to the executive staff members and our Board of Commissioners at the June 26, 2025 Public Meeting.

This new tradition puts names to the faces of our staff and helps emphasize the important role each person plays in the Authority's mission to preserve and protect the waters and the environment of Ocean and Southern Monmouth Counties.

We are confident that each new employee has a bright future ahead, and we look forward to their contributions to our continued success!
